Customer Support Locally

A no-stress case management experience is our top priority, and that starts with a dedicated team working every day for you.

With over 90 years' experience, Huseby has been providing the highest quality service and technology in the industry.

In the following pages you will learn more about your case support, the technology included and the behind-the-scenes security and quality control to make your deposition experience letter-perfect.

Our mission is simple, "Excellence in every interaction".

WHO WE ARE

Trusted Experience.

Huseby has grown into one of the most successful litigation support service providers in the country. The Huseby family is deep rooted in the legal community with three generations of court reporting professionals dating back to 1928. Scott Huseby Sr., Chairman, successfully combines his expertise and family legacy with the personalized local service feel Huseby brings to all of its clients.

Single Source Provider.

Huseby provides the resources, international reach, cutting-edge products, state-of-the-art technological solutions and extensive support services for your most complex litigation. In addition, we have the ability to be nimble which allows us to execute better than anyone.

Robust Security.

Huseby has invested significant resources into its information technology and internal workflow, designed to offer clients unparalleled security and quality. While other national court reporting firms employ a very decentralized business model with Production and IT infrastructure scattered in many places, we centralize core operations to provide the ability for strong oversight and managed security controls.

Quality Management.

Our Quality Assurance program is part of our corporate DNA. It informs each step of each process from the client relationship team to the back office. It is in place from beginning to end. We have a culture that believes in quality and we empower our people to be the best at what they do. Our product is of the highest quality because we have transparency into our process and train our people to serve our clients and make good decisions.

SOLUTIONS FOR ANY CASE

Gain control. We will deploy and manage the case program so you don't have to.

The **Case Manager** serves as your single-point-of-contact.

Let us handle the logistics and details. The **Case Manager** will oversee the details, from scheduling and master exhibit books, to delivery.

The **National Scheduling** team communicates with each other to match the right resources with each job requirement, anywhere your depositions take you.

Production Visibility provides transparency throughout the case so you receive the same quality and service every time.

RELIABLE PROFESSIONAL SERVICE

SPECIALIZED COURT REPORTERS

- Exceptional reporters with a command of special terminology accurately capture expert testimony for next-day expedites or any other turnaround requested.
- Reporters come well-prepared with word lists, notices, participant names, and case details - delivering accurate results with professional and respectful service.
- Take advantage of a realtime transcript feed. Avoid the disruption of readbacks, instantly flag testimony for on-the-fly questioning, and collaborate with team members viewing live feed.

EASY, CONSISTENT, LOCAL SCHEDULING

- Our schedulers are experts in your local market and we have teams of local schedulers across the country, ready to assist wherever your case takes you.
- Pairing the same reporter(s) provides consistency and continuity across your client's case.
- Time is a valuable asset. Simply drag-n-drop a notice, LiveChat with a local rep or contact our calendar team directly for consistent, reliable scheduling.
- The scheduling team works alongside your dedicated point-of-contact to calendar, coordinate, and resource depositions specific to your standing order and location requirements.

FAST, RELIABLE, AND SECURE PRODUCTION

- Check the status of your transcript 24/7 with the Huseby Transcript Tracker.
- Trusted standing orders ensure reliable turnaround every time in your preferred format(s).
- Huseby's processes and procedures are designed to comply with HIPAA and PII security standards. Our long-trusted production processes and procedures provide the most secure environment in the industry and safeguard you and your client's personal information.
- As your case evolves, the need to expedite a transcript can become critical. Trust in our efficient production team to deliver your valuable documents securely — on-time, every time.
- Count on Huseby to consistently provide a precise deposition transcript — key to a successful resolution for your client.

TRANSCRIPTION SERVICES

Transcription Services

If you have an audio file, a highly skilled reporter and transcriptionist can transcribe it. The quality of our work is unmatched. Have access to a state-of-the-art, secure web repository to upload audio files and for delivery of the finished transcription files.

Audio Enhancement

Enhancement services include: noise reduction to reduce static and / or background noise; normalizing audio so that quiet speakers become louder, louder speakers become softer and the entire file has a more uniform volume; editing audio to remove the parts you don't need.

Security & Confidentiality

Huseby takes data security very seriously. Your files are securely transmitted to us using 256-bit SSL encryption, the highest level of security available. Data is stored in one of the most secure data center facilities in the world and has the highest security ratings for any data center company.

"It really is a pleasure working with Huseby and I really appreciate the excellent service from them. Everyone I contact is very courteous and eager to help. In my opinion, Huseby is the BEST court reporting firm and I thank you." – Legal Assistant, Wicker Smith

Secure Upload Using Huseby FileShare

We can accept files of any size, while also maintaining your current folder structure and file hierarchy.

Delivery Capabilities

Huseby has the capability to turnaround audio as quickly as the client requests, including same-day turnaround.

Court Proceedings

Court systems across the country are moving toward audio recordings of proceedings, which require you to request a CD and have it transcribed to receive a transcript.

Meetings

Meetings are a very important part of any business, club, group, government or association, which is why it is especially valuable to keep a record.

Calls and Messages

Huseby has the ability to pull recordings from almost any device, including a recorded phone call or messages left on a cell phone.

Interviews

Types of work include legal interviews, law enforcement, government, research, medical, focus groups, telephone interviews and much more.

HusebyConnect 2.0

A ROBUST PLATFORM FOR YOUR MOST COMPLEX CASES

HusebyConnect 2.0 is our newly re-designed industry-leading, proprietary remote deposition platform with live video stream, integrated electronic exhibit presentation, and a case management portal. Utilize TILES to customize your layout.

Live Video Stream

Feel like you are in the deposition room and experience face-to-face interaction with live HD video. Video can be displayed in speaker view, gallery view, or fullscreen mode - which highlights the deponent's video feed.

Electronic Exhibit Presentation

HusebyConnect's robust exhibit presentation module allows counsel to present exhibits electronically, make annotations and mark with an exhibit sticker into the record. Exhibit numbering can be manual or automated.

Break-Apart Tiles

If you have dual monitors, take advantage of tile customization to break apart both exhibit and video modules and spread your deposition experience across multiple screens.

View the deponent in full-screen mode, while managing, previewing, and presenting exhibits from a separate screen.

Have video and non-PDF documents pulled up and ready to screen share in full-screen mode.

Exhibit Management

Managing exhibits during the deposition is easier than ever before. New exhibits can be uploaded before or during the deposition proceedings. Exhibits can be marked ahead of time or on-the-fly, are updated instantly and saved into a dedicated exhibit folder. They are available for immediate access throughout your case.

Counsel has access to a complete history of all exhibits in the portal. Exhibits can be searched, sorted, shared, and downloaded after the deposition is complete.

Marked exhibits are saved into a dedicated Final Exhibit folder, immediately available to search, sort, share, and download.

Extensive annotation features allow counsel and/or the deponent to highlight, redact, and add shapes/arrows as either a point of reference or to be made a permanent part of the exhibit. Annotations can be moved or edited prior to saving.

HUSEBY HOTSEATERS
