Trusted Experience

The Huseby family is deep rooted in the legal community with three generations of court reporting professionals dating back to 1928. Scott Huseby Sr., Chairman, successfully combines his expertise and family legacy with the personalized local service feel Huseby brings to all of its clients.

Robust Security

Huseby has invested significant resources into its information technology and internal workflow, designed to offer clients unparalleled security and quality. While other national court reporting firms employ a very decentralized business model, Huseby centralizes core operations to provide the ability for strong oversight and managed security controls.

Quality Management

Our Quality Assurance program is part of our DNA. We have a culture that believes in quality and we empower our people to be the best at what they do. Our product is of the highest quality because we have transparency into our process and train our people to serve our clients, and make good decisions.

"After using the service of your company for a large, multi-jurisdictional case, I must tell you how extremely pleased I am at the level of talent and technical expertise exhibited by your reporters and staff."

TRANSCRIPTION SERVICES

Transcription Services

If you have an audio file, a highly skilled reporter and transcriptionist can transcribe it. The quality of our work is unmatched. Have access to a state-of-the-art, secure web repository to upload audio files and for delivery of the finished transcription files.

Audio Enhancement

Enhancement services include: noise reduction to reduce static and / or background noise; normalizing audio so that quiet speakers become louder, louder speakers become softer and the entire file has a more uniform volume; editing audio to remove the parts you don't need.

Security & Confidentiality

Huseby takes data security very seriously. Your files are securely transmitted to us using 256-bit SSL encryption, the highest level of security available. Data is stored in one of the most secure data center facilities in the world and has the highest security ratings for any data center company.

"It really is a pleasure working with Huseby and I really appreciate the excellent service from them. Everyone I contact is very courteous and eager to help. In my opinion, Huseby is the BEST court reporting firm and I thank you." – Legal Assistant, Wicker Smith

Secure Upload Using Huseby FileShare

We can accept files of any size, while also maintaining your current folder structure and file hierarchy.

Delivery Capabilities

Huseby has the capability to turnaround audio as quickly as the client requests, including same-day turnaround.

Court Proceedings

Court systems across the country are moving toward audio recordings of proceedings, which require you to request a CD and have it transcribed to receive a transcript.

Meetings

Meetings are a very important part of any business, club, group, government or association, which is why it is especially valuable to keep a record.

Calls and Messages

Huseby has the ability to pull recordings from almost any device, including a recorded phone call or messages left on a cell phone.

Interviews

Types of work include legal interviews, law enforcement, government, research, medical, focus groups, telephone interviews and much more.

TRIAL SOLUTIONS

Huseby provides full-service support throughout the lifecycle of your trial with consultants that bring years of courtroom experience to your team. From the war room to the courtroom, with our assistance, your team can focus on strategy rather than how to present and display exhibits and video in court.

Trial Presentation

Captivate the jury with striking visuals that help illustrate and tell your story. Today's jurors are accustomed to learning visually, and our trial consultants will help ensure your case is well-organized and presentation ready.

Demonstrative Graphics

In today's multimedia culture, an effective digital presentation is a huge advantage in trial. Huseby Trial Services can transform your ideas into graphics including animation, charts, timelines and PowerPoint presentations.

"Finding Huseby was such a relief. Their knowledge of current digital technology and experience within the legal field enabled them to anticipate needs I didn't realize would arise. Using Huseby's services allowed me the time and peace of mind I needed to concentrate on trial preparation." - Litigation Paralegal

Video Services

Video is a useful, strategic tool for your case preparation and presentation. Only through video can you communicate nonverbal information, such as tone of voice, volume and body language. Clips can easily be created/edited for your use.

Courtroom and War Room

When a courtroom does not have the necessary modern automation and technology, Huseby will make sure you have the tools available to present your case and effectively tell your story.
