

# Exciting Updates in HusebyConnect 2.0

## Scrambling last minute to prepare your exhibits?

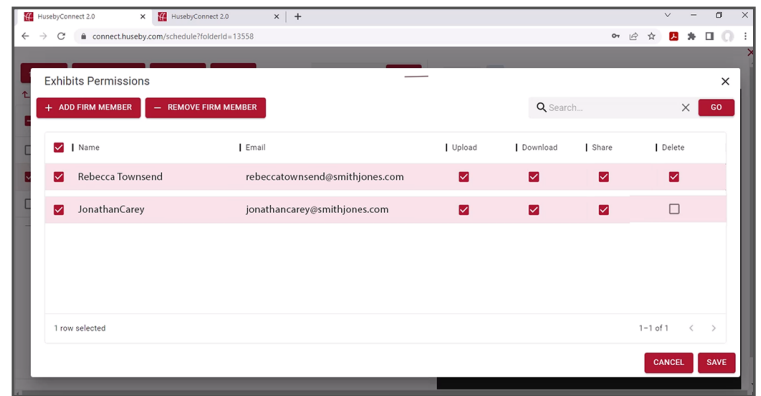

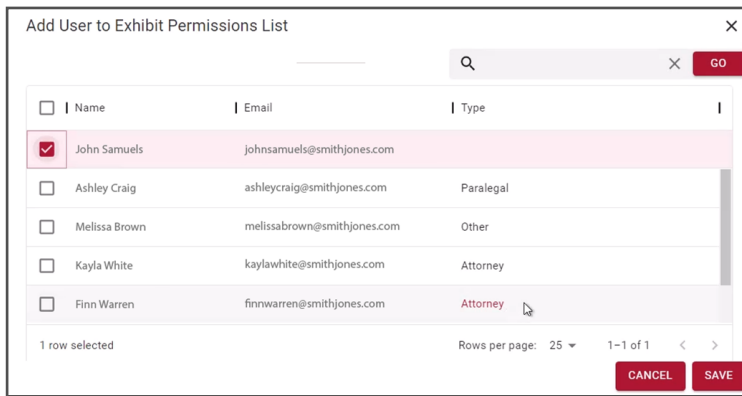

Tight deadlines come up fast and preparing for document intensive depositions can be a challenge if you aren't ahead of it. Whether you're on a tight deadline or you simply want to use the best depo-prep tools available, Huseby has you covered.

Connect your team using the **paralegal permission settings** in **HusebyConnect**, allowing you to collaborate with other team members – both paralegals and attorneys – and get your exhibits and case folders organized in a pinch.

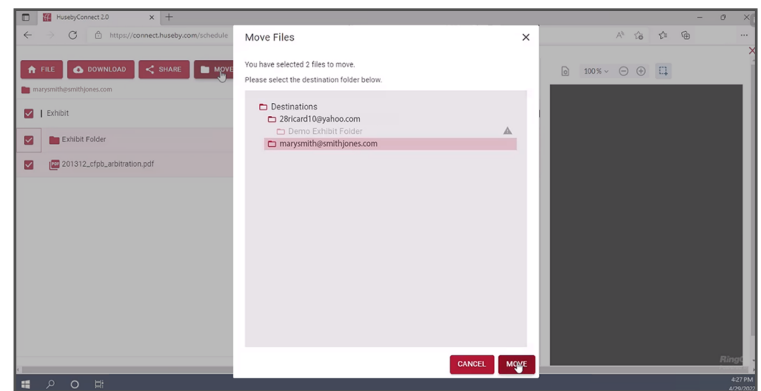

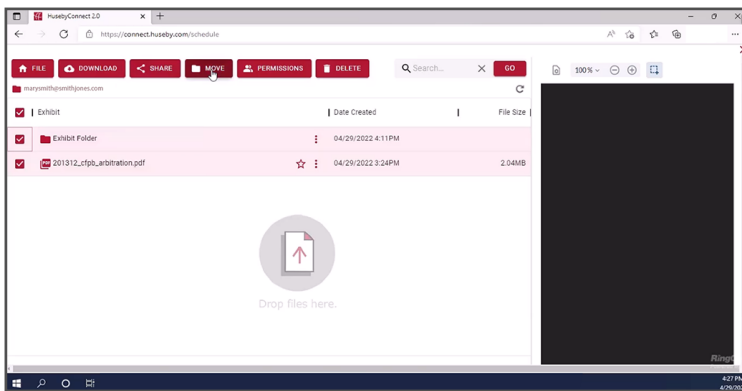

With **HusebyConnect**, you can **collaborate pre-deposition in a shared workspace** with all of your team members. Preload as many exhibits as you want and easily organize even the most document-intensive cases. Then seamlessly choose the exhibits you want to present in real-time.

## Our latest HusebyConnect features allow you to:

**Grant permissions** (upload/download/share/delete rights) to other team members within your firm, so they can access your case and witness folders:

Easily **move files or folders** in your organizational hierarchy:

**HusebyConnect** latest features ensure your team has all the tools you need to manage your exhibits seamlessly, locate files easily and do it all in a timely, organized manner.
