# Live Exhibit Presentation: Annotation Tools and Features

In **Huseby**Connect 2.0, there are built-in intuitive exhibit tools to help your deposition workflow run more smoothly than ever before.

Here's the insider scoop on how you can easily annotate exhibits.

Exhibit Stickers

- Choose 'Exhibit,' 'Defendant's Exhibit,' or 'Plaintiff's Exhibit' sticker

- Number your exhibit using numbers and/or letters

- Your exhibit number cannot be inadvertently duplicated - if you attempt to mark an exhibit with the same exhibit number, you will be prompted to change it to a new number

Confidential Stamps

- Mark your exhibit with a 'Confidential,' 'Confidential Attorney's Eyes Only,' or 'Highly Confidential' stamp

Highlighting Features

- Highlight key words, phrases or sections of OCR'd text— edit your highlights on-the-fly with the Palette tool!
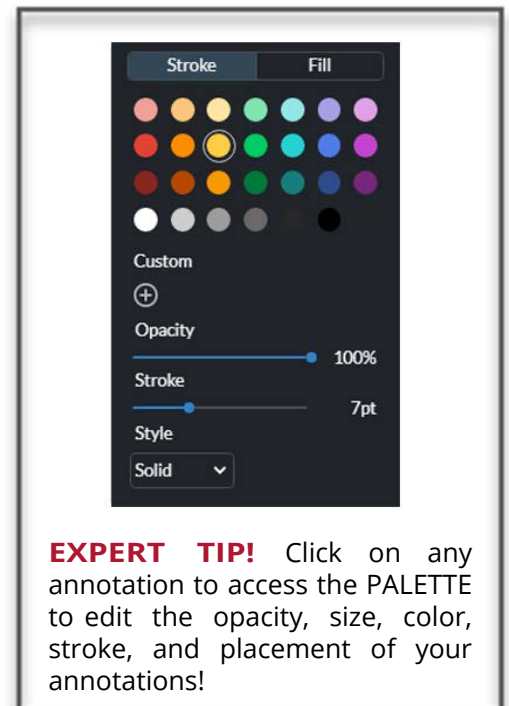

Box, Line, and Arrow Tools

- You can mark anywhere on your exhibit with an arrow, line, or box. They can be edited, moved, deleted, and/or saved on the Final Exhibit. Edit color, opacity, stroke!

Handwriting Tool

- Using your mouse or stylus, you can free-hand draw in the color, stroke, and opacity of your choice!

EXPERT TIP! Click on any annotation to access the PALETTE to edit the opacity, size, color, stroke, and placement of your annotations!
